The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable Federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 for each violation and/or the imposition of an administrative compliance order on the responsible entity. 7. HIV TESTING PROHIBITED: The Department does not allow HIV antibody testing or other screening testing for the AIDS virus of a state ward without

When consent is obtained, testing must be performed according to written Department policy, which includes procedures for ensuring confidentiality and for use of the state's AIDS Counseling, Testing, Referral and Partner Notification Sites (CTRPN's) when appropriate. In all cases, appropriate pre-test and post-test counseling must be provided. Because the OSHA Act of 1981 requires that all facilities provide a safe working environment, OSHA has adopted the CDC's requirement for Universal Precautions. Therefore, HIV antibody testing or any other AIDS virus testing is never considered necessary as a prerequisite for obtaining services. The Contractor and the Service Area Contract Liaison or designee shall jointly consult regarding obtaining an HIV antibody test on any ward when, despite having taken universal precautions, some exposure to HIV was possible.

When informed consent is requested for such Contractor staff exposure, the Service Area Contract Liaison or designee shall request the Contractor's written OSHA policies (that comply with state law when appropriate) describing the need for informed consent from the ward's guardian, the process by which the testing and the results of testing are kept confidential and not placed in the youth's record, and the fact that the Child and Family Services Specialist or designee shall be notified of the results of such confidential testing.

Contractor, in which case the Contractor agrees to verify that DHHS has received a copy.

3. The Contractor shall immediately correct any material weakness or condition reported to DHHS in the course of an audit and notify DHHS that the corrections have been made.
4. In addition to, and in no way in limitation of any obligation in this contract, the Contractor shall be liable for audit exceptions, and shall return to DHHS all payments made under this contract for which an exception has been taken or which has been disallowed because of such an exception, upon demand from DHHS.

- E. ASSURANCE. If DHHS, in good faith, has reason to believe that the Contractor does not intend to, is unable to, or has refused to perform or continue to perform all material obligations under this contract, DHHS may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at DHHS's option, be the basis for terminating this contract.
- F. BREACH OF CONTRACT. DHHS may terminate the contract, in whole or in part, if the Contractor fails to perform its obligations under the contract in a timely and proper manner. DHHS may, by providing a written notice of default to the Contractor, allow the Contractor to cure a failure or breach of contract within a period of thirty (30) days or longer at DHHS's discretion considering the gravity and nature of the default. Said notice shall be delivered by Certified Mail, Return Receipt Requested or in person with proof of delivery. Allowing the Contractor time to cure a failure or breach of contract does not waive DHHS's right to immediately terminate the contract for the same or

different contract breach which may occur at a different time. DHHS may, at its discretion, contract for any services required to complete this contract and hold the Contractor liable for any excess cost caused by Contractor's default.
